I'm resending the table I sent out a couple weeks ago. This is the table that Vince, Samantha, the IRIS staff team leaders and I put together.

Subject: Updated IRIS milestone table

I didn't mark this up very much because there were so many changes that the mark up wasn't useful. I just noted a few milestones that have recently been moved to FY12 Q1 in case NCEA might want to consider accelerating any of them. I checked this against today's Scout report and everything agrees for those assessments that are in Scout.
